Resources for the public and for lawyers

Ted Babbitt, a former President of the Palm Beach County Bar Association, has been writing clear, useful and sometimes provocative articles on the practice of law for many years for the Association's Bulletin. They are useful both to lawyers and members of the public who want to know how trial law works and why it matters.

Below are some representative recent articles.

### Archived Articles

Click on the following link for an archive of nearly 80 of those articles, from 1999 until August 2006, on subjects as varied as juror misconduct, rear-end collisions, unfair trade practices and bad faith.
